ABOUT THE AUTHOR

courtesy of mike peng

Mike W. Peng is the Jindal Chair of Global Business Strategy at the Jindal School of Management, University of Texas at Dallas. He is also a National Science Foundation (NSF) CAREER Award winner and a Fellow of the Academy of International Business (AIB). At UT Dallas, he has been the number-

one contributor to the list of 45 top journals tracked by *Financial Times*, which has consistently ranked UT Dallas as a top 20 school in research worldwide.

Professor Peng holds a bachelor's degree from Winona State University, Minnesota, and a PhD degree from the University of Washington, Seattle. He had previously served on the faculty at the Ohio State University, University of Hawaii, and Chinese University of Hong Kong. He has taught in five states in the United States (Hawaii, Ohio, Tennessee, Texas, and Washington), as well as in China, Hong Kong, and Vietnam. He has also held visiting or courtesy appointments in Australia, Britain, China, Denmark, Hong Kong, and the United States, and lectured around the world.

Professor Peng is one of the most-prolific and most-influential scholars in international business (IB). Both the United Nations and the World Bank have cited his work. During the decade 1996–2006, he was the top seven contributor to IB's number-one premier outlet: *Journal of International Business Studies*. In 2015, he received the *Journal of International Business Studies* Decade Award. A *Journal of Management* article found him to be among the top 65 most widely cited management scholars, and an *Academy of Management Perspectives* study reported that he is the **fourth-most-influential** management scholar among professors who obtained their PhD since 1991. Overall, Professor Peng has published more than 120 articles in leading journals, more than 30 pieces in non-refereed outlets, and five books. Since the launch of *GLOBAL*'s second edition, he has not only published in top IB journals, such as the *Academy of Management Journal*, *Journal of*

International Business Studies, *Journal of World Business*, and *Strategic Management Journal*, but also in leading outlets in entrepreneurship (*Entrepreneurship Theory and Practice*), ethics (*Journal of Business Ethics*), and human resources (*International Journal of Human Resource Management*).

Used in more than 30 countries, Professor Peng's best-selling textbooks, *Global Business*, *Global Strategy*, and *GLOBAL*, are global market leaders that have been translated into Chinese, Portuguese, and Spanish. A European adaptation (with Klaus Meyer) and an Indian adaptation (with Deepak Srivastava) have been successfully launched.

Truly global in scope, Professor Peng's research has investigated firm strategies in Africa, Asia Pacific, Central and Eastern Europe, and North America. He is best known for his development of the institution-based view of strategy and his insights about the rise of emerging economies such as China in global business. With more than 18,000 Google citations and an H-index of 57, he is listed among *The World's Most Influential Scientific Minds* (compiled by Thomson Reuters based on citations covering 21 fields)—in the field of economics and business, he is one of the only 95 world-class scholars listed and the *only* IB textbook author listed.

Professor Peng is active in leadership positions. He has served on the editorial boards of the *AMJ*, *AMP*, *AMR*, *JIBS*, *JMS*, *JWB*, and *SMJ*; and guest-edited a special issue for the *JMS*. At AIB, he co-chaired the AIB/JIBS Frontiers Conference in San Diego (2006), guest-edited a *JIBS* special issue (2010), chaired the Emerging and Transition Economies track for the Nagoya conference (2011), and chaired the Richard Farmer Best Dissertation Award Committee for the Washington conference (2012). At the Strategic Management Society (SMS), he was elected to be the Global Strategy Interest Group Chair (2008). He also co-chaired the SMS Special Conferences in Shanghai (2007) and in Sydney (2014). He served one term as Editor-in-Chief of the *Asia Pacific Journal of Management*. He managed the successful bid to enter the Social Sciences Citation Index (SSCI), which reported *APJM*'s first citation impact to be 3.4 and rated it as the top 18 among 140 management journals (by citation impact factor) for 2010. In recognition of his significant contributions, *APJM* has named its best paper award

the Mike Peng Best Paper Award. Currently, he is a Senior Editor at the *Journal of World Business*.

Professor Peng is also an active consultant, trainer, and keynote speaker. He has provided on-the-job training to more than 400 professors. Professor Peng has received numerous honors, including an NSF CAREER Grant (\$423,000), a US Small Business Administration Best Paper Award, a (lifetime) Distinguished Scholar Award from the Southwestern Academy of Management, a (lifetime) Scholarly Contribution Award from the International Association for Chinese Management Research (IACMR), and a Best Paper Award named after him.
